

Concrete Hoppers

Concrete Hopper - This attachment is a self-dumping hopper which automatically sets off to dump as soon as bumper release contacts the side of a dumpster. Once unloading is completed, the hopper returns to a locked and upright position. This piece of machinery also comes along with a cable that allows operation from the seat of the lift truck to be able to have the choice of manually unloading the hopper. There is a locking chain provided to lock the hopper to the fork truck. This particular product is constructed with reliable and consistent robotic welds for utmost strength. The lift truck dumping hopper also has a blue powder coat finish in order to maintain durability.
